

Single Use Plastic Policy

Tasigo Hotel Group is fully committed to ensuring the reduction of single use plastics in compliance with Stay in Harmony program and the current waste regulations in each country where the group operates. We are aware that the hotel industry has a large share in this amount of waste. The eco-friendly Tasigo Hotels aim to be a leader in sustainable and socially-responsible tourism by removing single-use plastic and adhering to a strict recycling and waste management system.

Purpose:

The Single Use Plastic (SUP) Policy engage Hotels member of Tasigo Hotel Group to commit remove and/or reduce the use of Single Use Plastic from all operations and services as well as working towards finding positive solutions for reducing unnecessary waste across hotels. The ultimate goal is to achieve a single use plastic-free organisation across our workforce, operations and assets.

To reach our sustainability goal, we have set up targets:

We set up a target to reduce single-use plastic products that are customer facing by 90% in 2021, using 2020 as a baseline.

We set up a target to reduce single-use plastic products that are covering back of house operations by %70 in 2022, using 2020 as a baseline.

We set up a target to reduce all of our single-use plastic waste by 100% in 2023, using 2020 as a baseline.

Tasigo Hotels Group commits to:

- Identify the Single Use Plastic into the hotels operations;
- Calculate the cost to phase out Single Use Plastic;
- Create targets for Single Use Plastic reduction;
- Train staff to ensure that Single Use Plastic items are phased out at hotel locations;
- Talk to the municipality or NGOs at every opportunity to bring improved recycling of plastic and other materials where possible at municipal facilities;
- Propose create creative solutions to reduce Single Use Plastic items and to propose re-use areas at points that cannot be reduced;
